

The Coloplast story begins back in 1954. Elise Sørensen is a nurse. Her sister Thora has just had an ostomy operation and is afraid to go out in public, fearing that her stoma might leak. Listening to her sister's problems, Elise conceives the idea of the world's first adhesive ostomy bag.

Based on Elise's idea, Aage Louis-Hansen, a civil engineer and plastics manufacturer, and his wife Johanne Louis-Hansen, a trained nurse, created the ostomy bag. An ostomy bag that helps Thora – and thousands of people like her – to live the life they want to lead.

A simple solution that makes a difference.

Today, our business includes Ostomy Care, Continence Care, Wound & Skin Care and Interventional Urology. We operate globally and employ about 12,000 employees.

Brava[®] supporting products

For customising appliance fit and issues such as leakage and skin irritation

Brava[®]

What’s right for you?

The Brava range of supporting products has been developed for dealing with commonly occurring ostomy issues.

All products in the range are designed for ease-of-use and can be used with any brand of ostomy appliance. You can read about each product in this brochure and the range can also be explored online using our Trouble Shooter tool. coloplast.com.au/troubleshooter

Please note: the information provided is to be used only as a guide. Discuss what’s right for you with your health care professional.

Protect the skin

Brava® Skin Barrier Spray & Wipe

Skin friendly, invisible friend for your skin shielding against output and adhesives. It does not sting when applied and a new appliance can be applied almost immediately.

Brava® Powder

Absorbent powder, reduces skin irritation related to moist skin. It can be used around your stoma or under the adhesive.

Brava® Protective Sheet

An extra layer of skin protection. Works to avoid skin issues by helping keep your skin dry and providing a ready surface for applying a new appliance.

Facilitate routine

Brava® Adhesive Remover Spray & Wipe

Skin friendly, quick and easy removal of adhesives. Sting free as it does not contain alcohol.

Brava® Skin Cleanser

Wipe specifically developed for ostomy care. A convenient way to clean and care for the skin. Pro vitamin B5 helps to maintain healthy skin, as well as manage redness and soothe irritated skin.

Brava® Lubricating Deodorant

Works to neutralise odour with a lubricating effect to make it easier for output to go to the bottom of the bag rather than around your stoma.

Brava® Protective Seal Wide user

Leakage Prevention

Brava® Protective Seal

An ostomy seal that protects against leakage and protects your skin. Easy to shape, apply and remove. Extra wide sizes now available for a greater surface area and better fit over skin with more challenges, such as deeper creases and folds.

Brava® Paste

Alcohol free. Fills out skin contours to maintain a tight fit between your stoma and appliance.

Brava® Strip Paste

Alcohol free. Fills out creases and deep skin folds, absorbs moisture and creates an even surface for your baseplate to adhere to.

Brava® Elastic Tape

Keeps your baseplate secure and prevents edges from lifting and rolling. Is available in 4 shapes to fit oval, round and square baseplates.

- C-Shape
- C-Shape XL
- Straight
- Belt/Y Shape
